

# FUNCTIONS IN THE VINES

WITH picturesque vines, shaded picnic area and new elevated deck, TAPESTRY is not only a great place for the discerning wine drinker, it's also the ideal location for that special function. Through TAPESTRY's sister company The Works Fine Catering, TAPESTRY can provide fine contemporary cuisine that goes way beyond the standard fare. TAPESTRY can comfortably accommodate up to 200 guests standing or 100 seated. Alternative options, such as Alfresco in the courtyard, are available for larger groups, and a function at TAPESTRY is always complemented by award winning wines and friendly service.

# THE ART OF FINE WINE

**S**URROUNDED by undulating hills with the waters of the Gulf of St Vincent sparkling in the distance, the view from TAPESTRY WINES is both relaxing and therapeutic. Situated in the heart of South Australia's premier wine region of McLaren Vale, TAPESTRY's rich ironstone soils and cool coastal climate provide ideal conditions for producing well-structured and richly flavoured wines of exceptional quality.

# THE VINEYARDS

**T**HE major source of fruit for TAPESTRY WINES is estate grown and harvested from two key vineyards planted in 1971 totalling around 40 hectares. One is situated at the Olivers Road Cellar Door and the other at Bakers Gully, near Kangarilla. Bakers Gully is a 32 hectare vineyard situated high in the hills above McLaren Vale, where the cool sea breezes sweep up over the vines, giving the fruit its varietal characteristics. The 8 hectare Olivers Road vineyard can be found at the site of the TAPESTRY CELLAR DOOR and includes Shiraz, Chardonnay and Cabernet varieties.

# THE WINES

**W**INEMAKER Jonathan Ketley produces strict varietal wines using fruit primarily from McLaren Vale, fitting TAPESTRY's philosophy that wines should be made that truly express their varietal and regional characteristics. TAPESTRY's award winning range includes the McLaren Vale mainstay Shiraz, along with Cabernet Sauvignon, Chardonnay, Riesling, Sauvignon Blanc, Merlot and fortified wines. The TAPESTRY range also includes a collection of exceptional Reserve wines, which are produced using only the best vintages. TAPESTRY's commitment to quality has seen this relatively small winery establish export markets in the USA, Canada, New Zealand, UK, Hong Kong, Malaysia and Singapore.
